

10th International Congress „Flour-Bread '19“ and the 12th Croatian Congress of Cereal Technologists „Brašno-Kruh '19.“

11-14 June 2019

Osijek, Croatia

For the preparation of paper please follow the instructions below

The manuscript should be written with 1.5 spacing on one side of the paper and margins 2.5 cm. For the text should be used normal plain font (Times New Roman, font size 11). Keep the layout of the text as simple as possible. Most formatting codes will be removed and replaced on processing the article. In particular, do not use the word processor's options to justify text or to hyphenate words. However, do use bold face, italics, subscripts, superscripts etc.

To avoid unnecessary errors you are strongly advised to use the 'spell-check' and 'grammar-check' functions of your word processor.

Article structure

Subdivision - The title of the manuscript and the title of the chapter should be short and written in bold. The title of subheading should be written in italic.

Introduction - State the objectives of the work and provide an adequate background, avoiding a detailed literature survey (except in the case of a review paper) or a summary of the results.

Material and methods - Provide sufficient details to allow the work to be reproduced by an independent researcher. Methods that are already published should be summarized, and indicated by a reference. If quoting directly from a previously published method, use quotation marks and also cite the source. Any modifications to existing methods should also be described.

Results - Results should be clear and concise. It is preferred to write the measurement units as “kg/m³”.

Discussion - This should explore the significance of the results of the work, not repeat them. A combined Results and Discussion section is often appropriate. Avoid extensive citations and discussion of published literature.

Conclusions - Conclusions have to briefly explain significance of the research results.

Essential title page information

First page should contain concise and informative **title**. Under the title the manuscript must contain **author/s full name/s** and **full family name/s**, with asterisk next to the name of the corresponding author. The **affiliations** for all authors must be given in the following sequence: University/Institution, Faculty/Department, Postal address, City, Country. When authors have different affiliations, should be used superscripted Arabic numbers after last name of the author. Footnote at the bottom of the first page should contain information about the **corresponding author** (e-mail, phone, fax, address and [ORCID](#)).

Summary

Summary should not exceed 300 words and has to show relevant data, methodology, main results and conclusion. It should not contain abbreviations or references. After summary, authors are asked to list several keywords.

Keywords

10th International Congress „Flour-Bread '19“ and the 12th Croatian Congress of Cereal Technologists „Brašno-Kruh '19.“

11-14 June 2019

Osijek, Croatia

Keywords include the main topic of the paper and should not contain more than 5 words or phrases separated by commas.

Tables and figures

Please submit tables as editable text and not as images. Tables can be placed either next to the relevant text in the article, or on separate page(s) at the end. Number tables consecutively in accordance with their appearance in the text and place any table notes below the table body. Be sparing in the use of tables and ensure that the data presented in them do not duplicate results described elsewhere in the article.

Please provide an art images (figures, graphs, charts, drawings etc.) in black and white format. Ensure that each figure has a caption. Supply captions separately, not attached to the figure. A caption should comprise a brief title (**not** on the figure itself) and a description of the illustration. Keep text in the illustrations themselves to a minimum but explain all symbols and abbreviations used. Be sure to use lettering, data lines, and symbols sufficiently large and thick to be clearly legible when the figure is reduced to the normal published size. Do not place figures into bordered frames. Figure caption and legend should be placed at the bottom of each figure, while table headings should appear above the tables. Preferred program for preparing figures and tables is Microsoft Office Excel.

Equations

Whenever possible formulae and equations are to be written in one line, centered on the page, and consecutively numbered in Arabic numbers between round brackets at the right margin of the paper. Refer to equations by the abbreviation "Eq.".

SI (System International) units should be used. Only symbols (not their subscripts, superscripts or description in brackets) of physical quantities should be written in italic.

References

Please ensure that every reference cited in the text is also present in the reference list (and vice versa), following the text of the manuscript. Unpublished results and personal communications are not recommended. Avoid citations in the Summary. Citation of a reference 'in press' implies that the reference has been accepted for publication.

Citation in text examples

Number of authors	At the end of the sentence	As part of the sentence
Single author	(Knowles, 2007)	Knowles (2007)
Two authors	(Knowles and Smith, 2007)	Knowles and Smith (2007)
Three or more authors	(Knowles et al., 2007)	Knowles et al. (2007)

Reference list

Reference list which has to be written at the end of the paper, all authors have to be listed (surname and name initials – capitalizing only the initial letters) in alphabetical order, and paper of the same author by chronological order. If there are more papers from the same author published in the same year, references have to be differentiated by letters in the text (a, b, c, d) behind the year of publishing. In case of multi author papers, in reference list all the authors have to be written (not the first author and mark “et al.”). Also abbreviations of journals titles have to be written in italics. Abbreviations

10th International Congress „Flour-Bread '19“ and the 12th Croatian Congress of Cereal Technologists „Brašno-Kruh '19.“

11-14 June 2019

Osijek, Croatia

should be in accordance with the latest edition of the Thomson ISI List of Journal Abbreviations (Thomson Scientific, USA). Full stop should be used after each abbreviation.

The DOI numbers must be included in all references in manuscripts, in those that contain it (check on: <http://www.crossref.org/>).

For manuscripts published on the web (web references), it is necessary to write the source (the full URL should be given) and the date when the reference was last accessed and manuscript was downloaded, besides basic further information's, if known (DOI, title, author's names, dates, reference to a source publication, etc.). Web references should be included in the reference list.
