CURICULUM VITAE

Ante Lončarić was born on June 1st 1987 in Osijek, Croatia. After elementary and secondary school, in 2005, he enrolled in Faculty of Food Technology Osijek, and majored in Food Technology. He completes his University degree in 2010 and becomes Master of Food Engineering. In 2011 he was employed as a Research Fellow at the Faculty of Food Technology Osijek at the Josip Juraj Strossmayer University in Osijek. He is finishing his Ph. D. Thesis which is part of project "Development of processes for high quality foods" which is led by prof. Vlasta Piližota. His research focuses on preservation and enrichment of high-quality compounds in foods. He is also investigating effect of sugars addition especially trehalose on total polyphenol content and antioxidant activity in fruit products. So far, he presented his work in 2 national and 3 international scientific meetings.
